Re: Yancey Mitchell Solid Waste Transfer Facility, Permit # 100-03-T  
Yancey County, North Carolina

Dear Mr. Allen:

Enclosed is a Permit to Operate for the referenced Solid Waste Transfer Facility for Yancey and Mitchell Counties and the accompanying conditions for the above referenced facility.

The Conditions of Permit identify additional requirements for this facility in conjunction with the Operations Plan and Operational Requirements for Transfer Stations, Section .0402 of the Solid Waste Management Rules. Pay particular attention to Condition numbers 7, 9, 11, and 12. Please review the conditions of the permit carefully and if you have any questions or comments please contact me at (336) 771-4608 ext.337 or Al Hetzell, Waste Management Specialist for your area at (828) 296-4500. Also, please contact Al Hetzell to coordinate and schedule a site visit to review the operations of this facility.

Sincerely,

Timothy A. Jewett  
Western Area Engineer  
Solid Waste Section

Permitting Branch  
Solid Waste Section**

### **CONDITIONS OF PERMIT**

#### **GENERAL:**

1. This facility is permitted to receive solid waste as defined in G.S. 130A-290(35), except that hazardous and liquid wastes are prohibited from acceptance at this facility.
2. This facility may receive solid waste that is generated within Yancey and Mitchel Counties, North Carolina and shall dispose of said solid waste at the Waste Management - Iris Glen Landfill in Johnson City, Tennessee or the Palmetto Landfill located in Spartanburg, South Carolina.
3. This permit is for a period of five (5) years) and is subject to review on or before 11 January 2011, in accordance with 15A NCAC 13B .0201(e). By October 1, 2005 Yancey County shall submit a modification to the approved plan for review by the Section. Modifications to the facility may be required in accordance with the Rules in effect at the time of review.
4. This permit is not transferable.

#### **OPERATION:**

5. This permit is for operation of the transfer facility in accordance with the approved plans prepared by McGill Associates, dated July 1994. Any revisions or modifications to these plans shall be approved by the NC Solid Waste Section (the Section).
6. All sedimentation and erosion control activities shall be conducted in accordance with the Sedimentation and Pollution Control Act, 15A NCAC 4, and all applicable permits shall be secured prior to construction.
7. Floor drains, leachate collection devices, sanitary sewer connections or leachate storage tanks for the collection and disposal of wash down water and leachate shall be operational. The tipping floor shall have positive drainage away from the building entrance and toward the sump in the loading pit or a trench drain shall be installed along the entrance to the tipping floor and connected to the leachate collection system.
8. Operation of the facility shall occur in accordance with 15A NCAC 13B .0402, "Operational Requirements for Transfer Facilities", the approved operations plan prepared by McGill Associates dated July 1994, Document 1 of the Appendix.
9. The owner or operator of a municipal solid waste management facility shall not knowingly dispose of any type or form of municipal solid waste that is generated within the boundaries of a unit of local government that by ordinance:

- a. Prohibits generators or collectors of municipal solid waste from disposing of that type or form of municipal solid waste.
  - b. Requires generators or collectors of municipal solid waste to recycle that type or form of municipal solid waste.
10. This facility shall be operated in a manner which is consistent with the State solid waste management plan and with the solid waste management plans that have been adopted by those units of local government served by the facility and approved by the Section.
11. Waste shall not be stored on the "tipping floor" after operating hours. Waste can be stored in transfer trailers, at the facility with covers in place, after operating hours, but no longer than 48 hours.
12. The "tipping floor" and "transfer trailer loading area" shall be maintained in a clean, sanitary condition after operating hours in accordance with the approved Operational Plan and shall be cleaned at least daily.
13. On or before 1 August (or at an earlier date as requested by the Division) of each year, the owner or operator shall report to the NC Solid Waste Section, for the previous year beginning 1 July and ending 30 June, the amount by weight of the solid waste that was received at the facility and disposed of in a landfill, incinerated, or converted to fuel. To the maximum extent practicable, such reports shall indicate by weight the COUNTY of origin of all solid waste. The owner or operator shall transmit a copy of the report to the county in which the facility is located and to each county in which waste originated.

ATTACHMENTS

Yancey-Mitchell Solid Waste Transfer Facility  
List of Documents for the Approved Plan

1. Approved transfer facility permit application, submitted on behalf of Yancey and Mitchell Counties by McGill Associates, dated July 1994, including conceptual design, site plan, operations manual, and letters addressing zoning and disposal of leachate.
2. Letter dated 20May 2000 from Yancey County Planning and Public Works requesting five year review of the Transfer Station Permit.
3. Letter received 20 December 2005 from Yancey County Public Works requesting renewal of the Transfer Station Permit and indicating Anthony Allen as the new contact person for the facility.
